

Technical data sheet

Nail anchor N-K with nail head, A5

Item no. 3498392

The nail anchor N can be used for multiple fastenings of non-load-bearing systems in areas with highly corrosive impacts in cracked and non-cracked concrete, thereby combining the benefits of a bolt tie with even easier mounting.

The nail anchor only needs to be hammered into the drill hole. When the load occurs, the nail anchor spreads itself and bolts itself in the drill hole.

European technical approval ETA-11/0240, including characteristic values under fire exposure to fire resistance R 120.

A5 Stainless steel, rustproof

Master data

Item no.	3498392
Type	N-K 6-5/44 HCR
Description 1	Nail anchor N-K
Description 2	with nailhead
Dimension	6x44mm
Material	Stainless steel, material A5
Material symbol	A5
Smallest sales unit (VG)	50 Piece
Weight	1,14 kg/100 pc.

Technical data

Length	44,00 mm
Dimension D	13,00 mm
Dimension L	44,00 mm
Version	Lightning strike
Fastening unit	Other
Drill hole depth	40,00 mm
Drill hole diameter	6,00 mm
Clamping strength	5,00 mm
Self-drilling	<input type="checkbox"/>
Approvals available	<input checked="" type="checkbox"/>
